Superintendent

Dr. Tarzian asked if there were any questions regarding his report; there were no questions asked. Dr. Tarzian said he went to an off the record revenue meeting today explaining the current economic statics are equal to the great depression. Because Oregon relies on only income tax it will take longer to recover due to people not working.

Vice Chair Young stated we will budget wisely and if the economics get better than we will spend more.

Dr. Tarzian reported the library expansion project is now under a different grant and will require the building to be completely separate from school buildings.

Chair McCallum asked Shanda Yother and Jami Kidd if they wanted to address the Board at this time. Shanda Yother said she wants to re-visit the food program vision from last November. Mrs. Yother said she feels both the food and athletic programs bring the community together and teach students sportsmanship and character. Mrs. Yother and Mrs. Kidd said they want to see clear visions and objectives for both programs.

Vice Chair Young said all programs will be looked during the budget process and the visions and objectives will be addressed.

High School

Principal Hobgood reported on the following:

- The District will not be entering into an athletic coop with Kings Valley Charter School.
- The AD position has been word smithed and is being advertised on EdZapp.

Director Sickles asked how do you get to EdZapp? Mrs. Yother replied anyone familiar with school culture knows about EdZapp. Vice Chair Young suggested looking at the alumni for a possible candidate. Director Sickles said lets look at local people.

Director Davis said we need to get back to the agenda.

Vice Chair Young and Director Sickles said they want to finish the discussion. Director Davis and Chair McCallum voted to end the discussion.
